<b>pH value (1 : 10):</b>	approx. 7
<b>Acid stability:</b>	medium
<b>Salt stability:</b>	good
<b>Chrome stability:</b>	medium
<b>Light fastness:</b>	good
<b>Heat yellowing:</b>	medium

## Properties:

**TRUPON SR** is a semi synthetic fatliquor for use on a wide range of shoe and bag leathers.

Leathers fatliquored with **TRUPON SR** exhibit medium softness without looseness and a warm mellow handle thus making the product ideally suitable for the fatliquoring of both full and corrected grain leathers.

## Application:

When used alone, 4 - 8 % **TRUPON SR**, based on shaved weight.

**TRUPON SR** can also be used to good effect in combination with **TRUPONOL<sup>®</sup> LAN** or **TRUPON DB** in order to obtain a waxier handle and well nourished grain.

**Safety and storage:**

When handling **TRUPON SR**, normal safety precautions associated with the handling of chemicals should be observed. For more specific details please refer to our safety data sheets.

**TRUPON SR** can be stored for up to one year, if temperatures below 5 °C and above 40 °C can be avoided. On prolonged storage or extremes of temperature **TRUPON SR** may exhibit some settlement which can be rectified by either warming and/or stirring the product thoroughly before use.
